RE: DOCKET NO. OST-98-3713 - 187
AIRLINE REREGULATION

Dear Mr. Secretary:

As an American Airlines pilot, I am writing to you to express my opposition to any effort to reregulate the airline industry.

Our pilots and many other unionized airline employees were called upon to make financial sacrifices as the industry struggled to adjust to deregulation. Now the major carriers, including American Airlines, are posting strong financial results. It isn't fair to penalize major carriers for their success by giving an artificial advantage to non-union new-entrant carriers, which have not made the same substantial investments in maintenance and training facilities, quality assurance programs and employee benefits.

I urge you to rethink any policy that would tilt the playing field against American Airlines and other major airlines. Otherwise, my fellow employees and I will ultimately pay the price.

Sincerely,
